PRESIDENTS MESSAGE—Janet Mitchell

Happy Valentine's Day. Wasn't January's project with Sue Clark fun? Everyone looked like they got the project done which is great as who needs more 'UFOs' (that's unfinished objects for all you newbies). February we have our own Diana Tyner coming from Texas to teach us a darling owl piece. Diana received her ADP from the Society of Decorative Painters at the 2014 convention in San Diego. She has agreed to stop by on her way to Las Vegas to teach us –it helps that her mom, Marilyn Hinman, lives here and is going to Vegas with her. Make sure you sign up by the deadline so there is a piece for you. Speaking of our chapter – **DON'T FORGET OUR MEETING IS A WEEK EARLY – February 21st** due to the Las Vegas Creative Painting Convention. If you haven't ever attended it try and get out there if even to go shopping and see all the newest greatest patterns, books, supplies.

Our Program chairladies have a full line-up of great projects for the year so be sure you sign up to reserve your spots.

Your Summer Seminar committee is working hard on offering you a fun filled seminar this June (June 2-3) with Laurie Speltz. Laurie is the owner/designer of Creative Coach patterns and stencils and if you haven't taken from her now is your chance. Laurie is a great teacher full of helpful hints and techniques. This seminar is for ALL levels of painters and sure to be a fun filled day. We hope to have flyers at the February meeting with all the information so sign up soon.

Silver Brush LIMITED

Peggy Harris' Tips for Using the Ultimate Varnish Brush

2303S - 1 Ultimate Varnish Brush

- Begin with a clean, dry brush. (always dust it out.)
- Use quality varnish, such as J.W., Etc. - Right-Step Satin Varnish
- With a full load on the dry brush, pool the varnish in the middle of the surface, then quickly spread the pool to the edges of the surface. Stroke in any direction - speed is important.
- Quickly wipe excess varnish from the brush on a damp paper towel
- Quickly return to the surface and smooth the varnish with the brush laid down flat (held almost parallel to the surface.) You may need to continue to remove some excess onto the damp paper towel as you work.
- Cease stroking before the varnish begins to "grab" the surface.
- Larger bubbles will disappear with the smoothing step, but hundreds of little pin-prick bubbles may remain. Ignore them - they will evaporate.
- This method results in thinner coats of varnish and may take more applications than you are accustomed to applying.
- While not necessary, I use 6 - 20 coats of varnish, sanding every several coats with super fine wet-dry sandpaper or sanding film. As you can see, speed is very important in the early stages of the varnishing process, saving your time for the smoothing process.
- Reserve your new brush for varnishing ONLY.

CHARITY 2017

Debbie Ragains & Rosanne Scholey

The picture shows just how generous the ladies of the chapter are toward those who are less fortunate. The Victor Valley Rescue Mission has been selected as the charity that will be supported this year. We hope to continue to collect grooming items, a list will be provided shortly. We encourage members to bring in these items as well as mittens, scarfs, blankets, jackets, just in case the cold weather is not past.

Remember to collect those hygiene supplies when you go to Las Vegas.

BOUTIQUE

BOUTIQUE NEWS

Time to get started painting for our annual Holiday Boutique. All are welcome, all levels of painting are encouraged. Come join the fun, it's always a great time for fellowship and even make a little money. So start painting now and you can fill a table in no time.

MARK YOUR CALENDAR
